Teen Behavioral Health & Cooking

Primary Care Clinics & Healthy Hospital
CDC CORD Grant / MOC Learning
Collaborative

Community • City
State • National • International

Clinical • Education • Advocacy • Research

Empowering families to lead healthy happy lives in the clinic and the community.

Challenges & Opportunities

- Childhood obesity is a new science
- Reimbursement for obesity
- Group visits
- Value added programs vs. core programs
- Population health / value based purchasing
- Healthcare transformation
 - Maintenance of health rather than just treatment of disease

Thanks!
